Georgia Medicaid Non-Emergency Medical Transportation Program at a Glance

Non-Emergency Medical Transportation is provided to Georgia Medicaid Members who require transportation assistance to Medicaid or Medicare-billable healthcare services and have no other means of transportation. Verida, Inc. provides this service to Georgia Medicaid Members who live in counties located in the Atlanta and North Georgia, Medicaid NET Regions.

This is a shared-ride service. Therefore, you may be riding with other passengers picked up at or near your pick-up location.

If you require extra assistance for a medical reason, you may request one adult escort to accompany you. Your escort **MUST** be present at your pick-up and drop-off location. **Escorts MUST be requested when scheduling the appointment.**

Transportation services are available in your home community.

Travel outside your home community is available only when you need specialized services that are not available within your community.
